"Like a breath of fresh air, this romance reminds me of a Debbie Macomber/Karen Kingsbury/Hallmark movie all rolled into one. I breezed through this one, thoroughly enjoying Clara's journey to find love." -One More Paige Book Blog  
Clara had it all planned out... graduate from college, get married, find her dream job and start a family of her own. When she met Drew during her senior year of college, she was certain he was the Prince Charming she had been waiting for, the one to complete her fairytale life. Turns out life had different plans. Now a single, middle-aged workaholic, Clara has poured herself into building her career, and those dreams of finding love have taken a backseat to her success. She's been holding out for someday, but when that day finally comes... will she follow her heart or will fate step in yet again?
