"Reseña del editor for SATB with piano accompaniment and unaccompanied *Furusato* presents five evocative arrangements of Japanese songs. Each poem depicts the beauty of the Japanese landscape, and familiar melodies and Chilcott's original style combine to create an enchanting fusion of East and West. Suitable for performance as a suite or as stand-alone pieces, these charming and emotive songs will be a welcome addition to the repertoire of any choir. Biografía del autor Bob Chilcott has been involved with choral music all his life, first as a Chorister and then a Choral Scholar at King's College, Cambridge. Later, he sang and composed music for 12 years with the King's Singers. His experiences with that group, his passionate commitment to young and amateur choirs, and his profound belief that music can unite people, have inspired him both to compose full-time and, through proactive workshopping, to promote choral music worldwide."
